If you don't sell with us, you're selling yourself short

So you're selling your home. If you haven't done it for a while, who do you call? You'll probably call a few of the big names, first. That's fair enough; everyone does. We're happy for you to **call whoever you like**... So long as you **call us too**. Even if you call us last. In fact, we'd prefer it if you called us last. By then, you'll really be able to pick the difference!

So what's the difference? We're an **independent, so we work harder**. Unlike the franchises, we don't have a big name to fall back on. We don't have a brand bringing in listings, all we have is our reputation. We rely on word-of-mouth and repeat business, so selling your property sooner AND at the maximum price is in our best interest.

Take advantage of our 20+ years local market experience, and call for a free property valuation. Even our valuations are different: they're based on fact and research. We want you to have faith in your list-price, so we give you a summary of the current market, a printout of recent nearby sales, and a report on price variations in your suburb.

So who would you prefer: a big name or a hard worker...?

For your FREE property valuation call us today on 07 3274 1666.
