## Escape to a Timeless Tomorrow

Nestled amid the lush rolling hills of Cedar Creek, Brisbane, awaits a unique promise. A promise of yesteryear. A promise of tomorrow. A promise that is Cedar Creek Estate – Brisbane's finest executive acreage estate.

Peacefully removed from the hustle and bustle of city living, Cedar Creek is mere minutes from your choice of three schools, the charming village-life of Stamford's cafes, restaurants and shops, the convenience of Strathpine's major shopping centre and railway station, and the botanical beauty of neighbouring waterfalls, national parks, and recreational retreats. And of course, the commerce and sophistication of cosmopolitan Brisbane are only a half hour drive from your door.

## Don't Remember... Recapture

At Cedar Creek Estate, yesteryear is more than in the mind's eye. It's in the innocence of soft grass between your toes. It's in spring's sweet breath recalling undiscovered treasures. It's in the tranquility of bellbirds chiming and the endless blue sky. It's in the romance of secretive rainforest waterfalls and warm moonlit hilltops.

Yesterday's promise and excitement are – once more – within your grasp. The scent of summer jasmine... A still and silent sunset... A carefree weekend, impossibly timeless...

Recapture the excitement. Relive the promise.

## Only 17...

Treasured real estate is singularly valuable. Treasured memories are priceless. Cedar Creek Estate offers a unique combination of both. It's a one-off estate comprised of only 17 lots, each of incredible rarity.

No other residential acreage estate in Australia offers such a distinctive union of timeless seclusion, accommodating location, and affordable quality of life. Cedar Creek Estate is destined to become home to some of Brisbane's most prestigious and stylish homes, making it an eminently exclusive neighbourhood.

As rarity enhances beauty, it comes as no surprise that Cedar Creek Estate has generated unprecedented 'off-the-plan' excitement. Expressions of interest have already been received on a number of acreages, and the entire 17 lots are expected to be purchased within weeks.
