## Business and Pleasure

Early morning sun suspended in the warm still air. Ocean blue to your right, plush green to your left. Nothing in between. The only distractions – the rolling breakers, the chuckling kookaburras. Grass, leaf, pine, salt and morning the only smells.

What better backdrop for a day at the office? What better office than the beachside fairways of Tuggerah Lakes Golf Club?

Gracing the golden sands of the Central Coast's Shelly Beach, Tuggerah Lakes Golf Club is a cut above the rest when it comes to corporate golf days.

Enrich your business as you hone your golf skills.

Tuggerah Lakes Golf Club is one of only a handful of clubs offering absolute beach frontage, panoramic views, and the highest quality fairways and greens. It offers the best of both worlds. An idyllic golfer's retreat – hidden away from the hustle and bustle of the city and its surrounds – yet only 45 minutes from Sydney's north shore.

No kids, no calls, no messages, no deadlines, no noise. Just you, the game, the elements. Clients, suppliers, distributors, and employees alike can relax – enjoy each other's company and the sport.

The ultimate networking event.
